Presentation Title	CEU	Description	Product Focus
WELL Designed Lighting and Controls	(1.0 AIA, USGBC, IDCEC)	Reviews the WELL Building Standard and shows how proper lighting, daylighting, and controls contribute to WELL certification.	Ketra Sivoia QS Shades
Applications for Lighting Design	(1.0 IDEC)	Outlines basic considerations for lighting design and provides an overview of common lighting terms and technologies.	Ketra Ivalo
Fabrics for Performance Shading	(1.0 AIA, USGBC, IDCEC)	Understand how fabric properties and performance affect the selection of a fabric. Identify metrics of fabrics and how it affects fabric selection.	Sivoia QS Shades
Today's Smart Home	(1.0 AIA, IDCEC)	Identifying trends in smart home products and understanding basic design a integration methods for smart products.	Caséta RA2 Select Radio RA2 Homeworks QS
LED Fixtures-How Good is Good Enough	(1.0 AIA, IDCEC)	Explains the metrics used to describe the quality of light and best practices for recommending LED light sources.	Ketra Ivalo Lutron Drivers Lutron Dimmers
Controlling LEDs to Meet Customer	(1.0 AIA)	Describes the features, benefits, and architecture of	Ketra Ivalo Lutron Drivers

Expectations		LED light sources. Examines the standards that determine light quality and dimmability of LED products and overviews the specification best practices to meet the customer's expectations.	Lutron Dimmers
Let the Sun Shine In: Residential Shading 101	(1.0 AIA, IDCEC)	Recognize how daylight control of an automated window treatment provides value to a residential client.	Sivoia QS Shades
Living in a Material World	(1.0 AIA)	Understand shade openness factor, color, fabric weave, fabric composition, acoustic performance, heat & UV protection, privacy, and environmental factors.	Sivoia QS Shades
